

## **Assessing Visual Processing in Body-Dymorphic Disorder (BDD) and Obsessive-Compulsive Disorder (OCD)**

### **- Looking for participants -**

The Institute of Psychiatry, King's College London, is currently seeking individuals with OCD or BDD to participate in a research study on visual processing.

Participation involves completing a series of questionnaires and looking at pairs of images of faces and objects on a computer screen and assessing their similarities.

The study is being conducted at the Institute of Psychiatry, (Denmark Hill, London SE5 8AF) and lasts approximately 2 hours. You will be reimbursed £20 for your time at the end of the session.

**NOTE:** you must be 18 years old or older to participate and have a diagnosis of OCD or BDD.
